

14 February 2022

Dear Parents/Carers,

KS2 Roof Update

KS2 Roof

As you know, the roof on the KS2 classroom block was completely blown off during the storm at the end of January. After delays caused by the insurance company and loss adjustor, the scaffolding to enable the works to begin only went up last Friday. Further delays are now being caused by inclement weather.

The KS2 children are not using their normal classrooms and we have set up temporary classrooms in the two halls, the library and the Science Lab. The KS2 yards are both out of use so we are using the KS1 yard only for play times which are being staggered throughout the day. As always, the children have done us all proud by adapting and just getting on with things – they are a credit to their families and a fantastic example to us all.

We have been informed that the roof work should take between 8 and 10 days and I am hopeful that the work will be finished before we return to school after the half-term break.

St Valentine's Disco

Unfortunately, we have had to cancel the St Valentine's Disco because we can't use the halls. The PTFA have already purchased the items for the tuck shop we were going to have at the disco so we've decided to have a 'Sweets and Treats' sale on Thursday and Friday of this week. As shared earlier, items for sale will be priced between 10p and £1. Children should attend school on Friday in their school uniform. We are planning on having an Easter Disco in April instead.

Thank you to all of our parents and carers, as always, for your continued support. I apologise for all of the text messages recently but it is the quickest and easiest way to get important information out to our community.

If you would like to discuss this further or have any other queries, please do not hesitate to contact us.

Best wishes,

Mrs Anne Bullerwell
Headteacher
